## SOME REASONS

Why Barre People Should Follow This Valuable Advice.

Because the proof is in Barre. You can easily investigate it. Not necessary to experiment. With some untiring remedy.

Profit by the experience of a citizen. Mrs. Frank Jones of 50 South Main street, Barre, Vt., says: "About five years ago I had such an awful pain in my back that I could hardly get around the house. If I arose quickly after stooping I had spells of dizziness and dark spots before my eyes. At night it was almost impossible for me to sleep. I was so restless. One day when my back was so bad that I had to go around in a stooped position I was advised to get Doan's Kidney Pills at E. A. Brown's drug store. I procured a supply and commenced taking the remedy. In a few days I knew I was being benefited. For my back became stronger and better. I continued taking Doan's Kidney Pills until the pains in my back disappeared. I had no more of the dizziness and could sleep well at night. At times since then, when I overwork or take cold, there have been recurrences of the trouble in a mild form. I then take a few doses of Doan's Kidney Pills and they have never failed to relieve me. My husband has also used this medicine with the same beneficial results. We would not be without them in the house."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## SOUTH CABOT.

The community was shocked to hear of the death of our oldest and respected citizen, H. N. Clark, Monday morning, April 3rd, although it was known he was very poorly, and many knew the end was so near. He has been confined to the house during the winter with a heart trouble. He had been able to be about the house most of the time, even the day before he died. Mr. Clark has always been a native of this place being born here on what is known as the Moses Clark farm Feb. 10th, 1826. He was the son of Moses and Laura (Hosk) Clark. Fifty years the evening June he married Jeremiah Gates, who has always been his help-mate. Two children were born to them, a son, who died at the age of four years and a daughter, Mrs. Frank Palmer of North Danville, who survives him and who was with him the past four weeks of his life to help care for him. Mr. Clark has always been a loving husband and father looking more to the welfare of his family than himself. Forty-seven years ago he bought the place where he died and sawmill. He built the house and barn. He has taken great pride in his dairy but for the past three or four years has been obliged to let it to the care of others. Ten years ago he united with the Methodist church where he was a willing worker. Funeral services were held Wednesday at 2 p. m. at his late home. Rev. Mr. Gorham of Danville officiated, assisted by the Marshfield quartette, consisting of Charles Shepard, Eldred Pitkin, Mrs. Burt Davis, and Mrs. George Bliss, also Mrs. Bliss sang a solo. The floral display was many and beautiful. They were as follows: A pillow from wife and daughter, Mrs. Frank Palmer; sheet of white and white roses, Mrs. Palmer; carnations, Mrs. S. L. Gates and son; pink roses, Ray Palmer; carnations, Mrs. Laura Franklin and Mrs. J. P. Weeks; and a set piece of seventy-four carnations and ferns representing his age, from R. L. Clark and Mr. and Mrs. Fred Fisher. Besides a wife and daughter to mourn his loss, he leaves one brother, R. L. Clark of Barre, two half brothers, C. L. Clark of Whitman, Mass., and L. L. Clark of California. Those from out of town to attend the funeral were, R. L. Clark, Mrs. Parke, and Mrs. and Mrs. Fred Fisher of Barre, Frank Bigford and wife, Ray Palmer and wife and Mrs. J. P. Weeks of North Danville, Mrs. Laura Franklin of St. Johnsbury Center, Robert Gates of South Ryegate and Mr. and Mrs. L. A. Paquin of Peacham.

## SNAPSHOTS OF THE MODE.

Taffeta Ruffles Take the Place of Lace Collars—New Embroidery.

It is quite a fad to have the sleeves finished with several taffeta ruffles, and they are more practical than the lace ruffles that were so tremendously popular.

On the smartest lingerie blouses appear embroidered motifs of large flowers, such as roses or poppies, worked only on the outer petals, the heart of the flower being done in a succession of tightly curled petals with a bit of lace set squarely in the center. Often the leaves are treated in the same way. These motifs give the whole design an effect of light and shading that is exceedingly attractive.

Fringes and buttons play an important part in the world of trappings. Buttons are small, and fringes are heavy, but no doubt this order of things will be reversed before long. Just now fringes of fashion are numerous, for many trial trips are being made on the field of dress.

Velvet ribbons are a favorite trimming on hats, made into bows, ruchings and rosettes.

One of the latest fads is the wearing of white lace sleeves on sheer black evening gowns, such as those of net or mousseline de soie.

On all the new frocks there will be an abundance of lace—aluminum, baby, daisy, meadow and Irish crochet. Where the lace leaves off the embroidery begins—embroideries that actually rival real laces in their claims to beauty.

Sleeves will be short, but they will be made in a thousand ways of lace.

White silk waists.

frills and ruffles, with cuffs and without; but, whatever else, they will be short.

Heavy homespun silks make smart all round gowns, but Paris decrees for dressier costumes plain soft weaves of silk.

The waist illustrated is of soft white silk. The material is gathered vertically about the figure into a Louis pointed plastron, finished on each side with ruffles. An emplacement of lace and the neckband are outlined with black velvet. The sleeves have puffings of the same becoming fabric at the elbow, which continue in a novel fashion up to the arm's eye. The sleeves themselves are shirred into the armholes.

## NEW BARN BUILDING.

A Strictly Modern Structure, Employing Steel and Concrete.

Concerning a recent visit to the home of Director of Institutes F. E. Dawley, Fayetteville, N. Y., made to inspect a barn now in process of construction, in which iron and concrete play an important part, H. E. Cook writes to National Stockman as follows: I would not be misunderstood. This barn will not be within the reach of many farm

ers, nor, on the other hand, does it represent the so-called wealthy man's barn. It is an up to date barn, using these two materials to the fullest extent.

Probably not.
